Serial No.

In Mysore, ~~Government~~ all the Dispensaries are administered by the Medical Department, contributions being recovered from Local Bodies in the case of Local Fund Dispensaries. Government bear the whole cost on account of the Premier and District Hospital and the pay of the Medical subordinates and the cost of the Europe medicines, in the case of Local Fund Dispensaries, the remaining cost being met by the Local Bodies. As totals are given for all the institutions together and as the proportions vary in regard to different bodies, it is not possible to say how much was given by the different Local Bodies on account of ~~different~~ several items.

In Madras, the Local Fund Dispensaries are institutions which are administered by the Local Bodies, themselves. They bear the entire cost on account of them, with a very small contribution from Government, in certain cases. The sum total of all the institutions, both State and Local Fund, gives the percentages as shown in the statement appended, viz., the Local Boards and Municipal Councils contribute in Mysore 15.17% and 4.62% respectively, against 31.09% and 12.97% respectively in Madras. If however the figure for Local Fund Dispensaries only are called for both for Madras and Mysore, it will be seen that the proportion of the cost borne by the Local Bodies in Madras ~~will be found to be~~ is very much more than that borne by similar bodies in the State.

Submitted for orders.

With reference to the query in para 23 it is submitted that

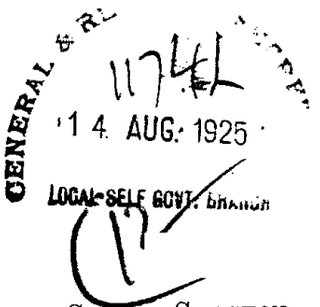
MYSORE MEDICAL DEPARTMENT



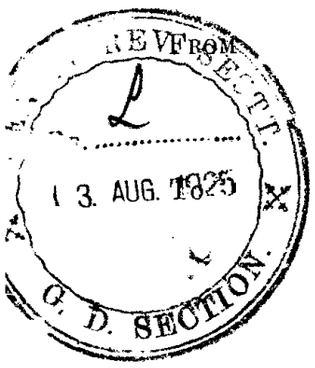
No. C.2910-5 Urgent

Encl. one

OFFICE OF THE SENIOR SURGEON
WITH THE GOVT. OF MYSORE,

BANGALORE. 12th August 1925.

Ned 137-25-2



B. Mahomed Usmon, Esq., L.M.S.,
Senior Surgeon with the Government of
His Highness the Maharaja of Mysore,
Bangalore.

The Secretary to the Government of
His Highness the Maharaja of Mysore,
Local and Legislative Departments, Bangalore.

Sir,

With reference to your letter No. L. 8186-Med. dated 14th May 1925, I have the honour to submit herewith, as desired a comparative statement showing the details of establishment, cost, percentage, etc., of the Mysore Medical Department as compared with those of Madras, Bombay and Travancore and to state as follows:

2 The figures in the statement, so far as they relate to Mysore, Madras and Bombay, are taken from the Reports on the working of Hospitals and dispensaries in the respective areas for the calendar year 1923 and the figures for Travancore are taken from the lastest report on the Administration of the Medical Department of that State for the year 1099 M.E. (1923-24). The comparison between Mysore, Madras and Bombay could be said to be on a common basis in as much as the Reports of the Medical Departments of these administrations are based on the model statements prescribed by the Government of India. But the Travancore Report is in a different form altogehter.

3 The expenditure on salaries and the total expenditure on medical institutions in the cases of Mysore, Madras and Bombay are adop from the figures in Cols. 13 to 25 and Col 22 of the H. Statement appen to the Annual Reports, which only shows the expenditure incurred on Sta Public, Local Fund and Municipal and Private aided Medical Institutions The expenditure incurred on the Head Offices, on Lunatic Asylums, Bacteriological Institutes, Medical Scholarships, etc, is not included in

(12)

in the statement in the Mysore, Madras and Bombay, Reports. In the Travancore Report, the expenditure on all these special institutions and on scholarships is shown in the paragraph on "Finance." In the absence of a statement of expenditure according to Institutions in the Travancore Report, it cannot be said that the figures afford a common basis of comparison.

4 The comparative Statement such as it is, is submitted as desired.

5 The area of Mysore is about one-fifth of Madras and one-fourt of Bombay. The number of Institutions in Mysore is 200, against 768 in Madras and 785 in Bombay, giving a greater ratio than one-fifth or one-fourth. Travancore whose area is one-fifth has 83 institutions, so that each institution in Travancore serves an area of 92 square miles., against 150 in Mysore, 196 in Madras, and 157 in Bombay. Taking the population, each institution in Travancore answers the needs of 48,266 persons, in Mysore 29,300, in Madras 55,107 and in Bombay 34,137, so that, in this respect Mysore is foremost. The percentage of expenditure on Medical Relief as compared with total revenue, is 3.04 in Travancore, 3.21 in Mysore, 3.55 in Madras and 3.20 in Bombay. The cost on salaries of Medical Officers and establishments as compared with total medical expenditure, works out to 61 % in Mysore, 48% in Madras, 44% in Bombay and 50% in Travancore.

6 A careful examination of the H. Statement appended to the Madras and Bombay Reports gives room for doubt whether the Salary of officers in charge of the Districts, who are also generally in charge of the Hospitals in District Head Quarters is included or not in Col.13. On page 124 of the Madras Report, for instance, against Vizagapatam, where there must be an I.M.S. Officer or at least a Civil Surgeon, in charge of the District, the Hospital and the Medical School, the annual expenditure on salaries is shown as Rs.2,281 which comes to Rs.190 per mensem, which is less than the minimum pay of an Assistant Surgeon, which is Rs:200/- Information on this point has been called for from the office of the Surgeon-General with the Government of Madras and a reminder is also sent. On receipt of the information, a further report

report will be submitted to Government. The lower percentage in Travancore viz., 50% against 61% of Mysore is due to the scale of pay of the several grades in Travancore being very much less there than here as shown below:

	Surgeon	4	(500-50/2-600),
	"	3	(400-50/2-500),
Deputy	Surgeon	17	(200-50/3-300),
Asstt.	Surgeon	32	(100-25/2-200),
Apothecaries		2	(60-5-100),
Sub Asstt.	Surgeon	15	(80-5-100),
Do.		"	(50-10/3-80).

I have the honour to be,

Sir,

Your most obedient servant,

Senior Surgeon.

Comparative statement showing the details of establishment, cost, per centage, etc., of the Medical Department in Mysore as compared with those in Madras, Bombay and Travancore.

Particulars.	Mysore.	Madras.	Bombay	Travancore.
1. Number of Hospital & Dispensaries.	201	768	785	83
2. Total area in Square miles	29,469	1,43 ,852	1,23,064	7,625
3. Total population.	5,859,952	42,322,270	26,757,648	4,006,062
4. Total Revenue-Rs.	3,24,02,900	16,58,54,900	15,65,73,000	2,00,66,830
5. Total expenditure on medical institutions	10,41,804	58,91,569	50,10,883	*6,09,965
6. Average area served by an institution	Sq.M. 150	196	157	92
7. Average population served by each institution.	29,300	55,107	34,137	48,266
8. Percentage of expenditure on medical relief to total Revenue.	3.21 %	3.55%	3.20%	3.04%
9. Cost on salaries of medical officers and establishment.	Rs. 6,35,310	28,41,517	22,18,767	*3,06,942
10. Percentage of cost on salaries to total medical expenditure.	61%	48%	44%	50%

*Excluding "Durbar Physician."

NOTE:- The figures relating to Mysore, Madras and Bombay are taken from the latest published Reports on the working of Hospitals and dispensaries in those areas, for the year 1923. Those relating to Travancore are taken from the latest available Administration Report of the State, viz., for the year 1097 M.E. (1921-22) and the Report of the Medical Department for M.E. 1099 (1923-24.).

4/1/26.

Sir,

41824 p

In continuation of this office interim reply No.C.2910-10, dated 18th December 1925, I have the honor to forward herewith a copy of letter No.R.1346-G.of 25, dated 11th Decemcer 1925, received from the Personal Assistant to the Surgeon General with the Government of Madras, from which it will be seen that the pay of the Civil Surgeons and Civil Assistant Surgeons who work in the District Head Quarter Hospitals and are responsible for the working of the said Hospitals is not shown in Col.13 of Statement H appended to the Administration Report of the ~~Madras Medical Department~~ Hospitals and Dispensaries in the Madras Presidency, in view of the fact that these officers who are, respectively, the District Medical Officer and Assistant District Medical Officer, hold administrative charge of other medical institutions in the district besides the Head Quarter Hospital. This practice is supported by item (4) of Instructions for filling up Statement H, given at the foot of the Form which runs "the pay of Civil Surgeons or other Medical Officers holding charge of the dispensary in addition to other duties should not be shown at all in this statement." Only the pay and allowances of the officers attached to the institutions are shown in Col.13 of the Statement.

Although the practice followed in this

(7)

Provinces in British India is in accordance with the "instructions" printed at the foot of Statement H prescribed by the Government of India, it will be seen that the total expenditure on the maintenance of Hospitals and Dispensaries, as shown in Col. 22 of Statement H of the annual Report would be far from accurate. The pay of the District Medical Officers who are in direct charge of the District Head Quarter Hospitals will not be shown any where in the British Indian Reports. The pay of these officers is not shown under "Head Quarter Hospitals" in their Budgets, but under "District Medical Officers and Assistant District Medical Officers". In the budget of the Mysore State, on the contrary, the pay of Surgeons and Assistant Surgeons working in the Districts is shown under"(vii) "District Hospitals", so that the procedure followed in the preparation of Statement H in Mysore is ~~xxxxx~~ in accordance with the ~~xxxxx~~ local Budget arrangement.

If the pay of the District Medical Officers (including that of the District Medical Officer, Kolar Gold Fields) be excluded, the cost on salaries of medical officers and establishment (item 9 of the comparative statement submitted with my letter No.C.2910-5, dated 12th August 1925) will be reduced by about Rs.*53,720/- or the total will be roughly about Rs.5,81,600/ and the percentage will be reduced to about 55 against 61 shown in the statement, and as against 50 % the cost in Travancore, which is accounted for by the great difference in the scales of pay of the different grades of the medical service in the two States, as already shown in my letter of 12th August 1925, referred to above.

I have the honor to be,
Sir,
Your most obedient servant,

M Mamoo
Senior Surgeon.

*Pay of 8 D.M.Os, Rs.47,000
House rent do. 960
Establishment of D.M.Os. 3,600
D.M.O, K.G.F. 2,160
Total Rs.53,720*

(18

Letter No. 1346 G of 25 dated 11th December 1925 from the Personal Assistant to the Surgeon-General with the Government of Madras to the Senior Surgeon in Mysore, Bangalore.

Ref: Your letter No. C. 2910-2/24-25, dated 20th June 1925, regarding statement H. of the Annual Returns of Civil Hospitals and Dispensaries in the Madras Presidency,

---

The District Medical Officer is also in charge of the Headquarter Hospital of his district. Besides the District Medical Officer, there is an Assistant Surgeon and one or two Sub Assistant Surgeons attached to these Headquarter Hospitals.

2. Only the pay of these Sub Assistant Surgeons is shown in column 13 of the H. Statement and the pay of District Medical Officers and Assistant District Medical Officers are never shown in column 13 of the statement in question. But their pay is shown under a separate head in the budget "Pay of District Medical Officers and Assistant District Medical Officer" and not under "Headquarter Hospitals."

3. The amount shown in column 13 of the statement H of Government Hospitals is the actual pay drawn by Sub Assistant Surgeons and other medical officers - vide item 4 of instructions printed in the foot of statement H. The amount varies according to the grade of medical Officers posted for the various hospitals. Hence there is some difference in amounts under pay of medical officers in different Head quarter Hospitals.

4. The details of figures for Mangalore are given below.-

Total of Col.4 * Rs.12388. — This represents the total of cols. 13,14, and 15 (i;e.) Rs.4805 plus 3396 plus 4187 = Rs.12388)

Total of Col. 5* Rs.26863 — This represents the total of Cols.16,17,18,19, and 20 minus Col. 11. (i.e., 8329 plus 45 plus 7070 plus 6363 plus 5579)-523 = Rs.26863.

Col. 13-Rs.4805 ... This represents the pay of 2 Sub Assistant Surgeons, ... Rs.3405.

and leave allowance of 1 sub Assistant Surgeon- Rs.1400

Rs.4805.

Col. 15 - Rs.4187. — This represents the pay of the following:-

2 Compounders	...	Rs.1035-0-0
2 Clerks	...	Rs. 840-0-0

1 Temporary storekeeper	Rs.	120- 0- 0
1 Temporary Attender		48- 0- 0
1 Peon		143-10- 0
5 ward attendants from 1-12-1922 to 31-10-1923 and 8 ward attendants for November 1923.		749- 8- 0
3 scavengers from 1-12-22 to 31-10-1923 and 4 scavengers for November 1923.		433- 2- 0
2 cooks		288-00- 0
2 watermen		288- 0- 0
2 Punkha pullers		192- 0- 0

Total.Rs.4187-0-0

---

* the figures in columns 4 and 5 should be Rs.12388 and Rs.26863 and not Rs.12385 and 26866.

Bangalore.

Sir,

With reference to your letter No. G. 5502- Med, dated 1st February 1926, requesting me to ascertain the amount of expenditure on the pay of District and Assistant District Medical Officers in Madras and furnish correct percentage of cost on salaries of medical Officers and establishment as compared with the total expenditure on Hospitals and Dispensaries, I have the honour to state that the figures furnished by the office of the Surgeon-General with the Government of Madras in letter No. R. 616- G., dated 1st June 1926, show that the total amount of expenditure incurred on the salaries of District and Assistant District Medical Officers in Madras was

1922-1923 ... Rs. 5, 39, 880/-
1923-1924. .... Rs. 6, 02, 940/-

giving an averageof Rs. 11,42,820/2 or Rs.5,71,410, which will be taken as the salaries of Medical Officers for the Calendar year 1923, to be added to the Rs.28,41,517 shown against item 9 and Rs. 58,91,569 shown against Col.5 under "Madras" in the Statement forwarded with my letter No.C.2910-12,dated 31st December 1925.

The total cost on salaries of medical officers and their establishment in Madras will then come to Rs.34,12,927 and the total expenditure on medical institutions will come

will come to Rs.64,62,979, against Rs.6,35,310 and Rs.10,41,804 in Mysore and the percentage in Madras will be nearly 53 against 61 of Mysore. A copy of the Surgeon-General's Office letter is also submitted for information.

Senior Surgeon.

Letter No.616/26 Gof., dated 8th May 1926, from the Office of th Surgeon-General in Madras to the ~~Governg~~ Senior Surgeon in Mysor Bangalore.

[24

Ref: Your letter C.No.2910 -16, dated 17th/18th March 1926, regarding pay of medical officers shown in statement H. of the annual returns on Civil Hospitals and Dispensaries.

I have the honour to inform you that the pay of medical officers, shown in col. 13 of statement H (now statement G) relates to the calendar year i.e., from January to December, while the information required, regarding the pay of other officers, such as District Medical Officers, Assistant to District Medical Officers etc., not shown in col. 13 of the above statement, is available in this office only for the official year and not for the calendar year. It is not possible to furnish the information regarding pay of District Medical Officers and Assistants to District Medical Officers for the calendar year.

Letter No. C.2910-20, dated 12th May 1926, from the Senior Surgeon in Mysore, Bangalore, to the Personal Assistant to the Surgeon-General in Madras.

In acknowledging, with thanks, the receipt of your kind letter No.616 of 1926, dated 8th May 1926, I have the honour to request you, to be so good as to furnish me with information, regarding the total amount of expenditure incurred on account of the salaries of District Medical Officers and Assistant District Medical Officers in your Presidency, during the year 1922-23, and 1923-24, if readily available, so that the average of the two official years may be taken to denote, approximately, the expenditure during the calendar year 1923, required for our purpose.

The favour of a reply at the earliest convenience is requested.
